

62VT-SERIES

62VT-0

- Determine live/ground wire and battery polarity
- Test continuity (<20 Ω)
- Test leakage performance of breaker (30mA test current)

62VT-series

- Auto-voltage range detected and indicated by
- LED or Neon lamp
- Determines polarity on DC circuit (model 62VT-0, 62VT-4, 62VT-6)
- Built-in intelligent circuit - no batteries needed
- Double pole, easy to use, ideal for homeowners & electricians

Sinometer
