

BT-100D

200AH CAR BATTERY TESTER

- Designed for starting power test of 12V high-capacity automotive batteries
- Tests the output voltage of charger dynamo and checks the accidental short-circuiting in wirings
- Portable, no power required
- Complete test in 10 seconds

Technical Specifications

Test range: 20AH~200AH

Voltage: 12V

Capacity: 100A

Test time: 10s

Dimensions: 255x110x57mm

Cable length: 290mm

REF: 040100D0000

✓ CE (EMC), □ UL, □ CE (LVD)
