

MS8900

AC VOLTAGE DETECTOR

- Non-contact test of AC electricity with LED indication
- Locates invisible AC line and break point
- Novel design, high safety
- An ideal tool for home use

Technical specifications

Voltage sensitivity: AC 100V-240V

Frequency: 50/60Hz

Detection distance: <5mm

Safety: for indoor use, over-voltage

Cat.III 600V, pollution degree 2.

Dimensions: 20x148x25mm

Battery: 1.5Vx2, AAA size

Weight: approx. 40g

REF: 045201X0000

CE (EMC), UL, CE (LVD)

Sinometer
