

UT371, UT372

ADVANCED TACHOMETERS

- Microcomputer based
- The meter analyses light beam reflected off a rotating object into the meter and converts it into RPM value
- Min /Max /Average value measurement
- Auto zero adjustment
- **USB interface to computer** (UT372 only)
- Auto data hold, sleep mode (15 minutes)
- Wide measuring range, high resolution
- Streamline plastic casing

Technical specifications

Display: 5 digits LCD

Measuring range: 10-99,999 RPM

Measuring distance: 50-200mm

Resolution: 0.1 RPM (<1000 RPM)

1.0 RPM (≥ 1000 RPM)

Accuracy: $\pm 0.04\% + 2\text{dgt}$

Range select: auto-ranging

Dimensions: 184x56x34mm

Battery: 1.5Vx4, AA size

Accessories: reflecting trips, USB interface cable and PC software (UT372 only)

REF: 03U372X0000

✓ CE (EMC), UL, CE (LVD)
